

# RESEARCH STUDY: SPEECH, LANGUAGE AND SWALLOWING DIFFICULTIES IN POMPE DISEASE

## VOLUNTEERS WANTED FOR A RESEARCH STUDY

**WHO?** Parents or legal guardians of infants and children of all ages with Pompe disease.

**WHAT:** Part 1: Complete an **online** (or mailed) **survey/questionnaire** about your child's speech, language and swallowing function.

Part 2: Sign a **Medical Records Release** for your child with Pompe disease. We will request, collect and review information in your child's medical records. Parents are not required to participate in Part 2 of this study.

**WHERE:** Participants **do not need to travel** anywhere for this study.

**CONTACT:** If you would like to know more information about this study you may contact the Principal Investigator, Alana Cecchi, B.S., at Cincinnati Children's Hospital at **(513) 803-0589** or [alana.cecchi@cchmc.org](mailto:alana.cecchi@cchmc.org).

If you decide to participate after reading this flyer, you can access the survey from the link in listed below.
