

AMDA International Patient and Scientific Conference
Past, Present, and Future of Pompe Disease
San Antonio, Texas

October 30, 2015 - November 1, 2015

Welcome Dinner Friday October 30, 2015

CME Credits: 8.75 AMA PRA Category 1 Credits™

The AMDA International Patient and Scientific Conference will bring together treating physicians, patients and leading experts in Pompe Disease from around the world to increase knowledge and understanding of the appropriate diagnosis, treatment and management of patients diagnosed with Pompe disease.

Topics will include: The Natural History of Pompe Disease; Pompe Patient Management and the Current Standard of Care; Respiratory Complications with Pompe Disease; Gene Therapy and Pompe Session with multiple speakers; Application of Diaphragm Pacemaker in Pompe; Stem Cells to Treat Pompe; Multiple Presentations on Future Research (Autophagy, Modifying Factors, and Genotype/Phenotype Correlation); and Industry Updates.

Registration for the Conference is free.

For more information, including a Conference Agenda, please visit the AMDA website at: www.amda-pompe.org
