Together We Are Strong

International Pompe Day

Happy International Pompe Day!!!

"EVERY MOVE COUNTS"

On International Pompe Day, we stand united in the belief that every move counts. It's a day to honor the strength and resilience of those affected by Pompe disease, reminding us that our collective efforts, big or small, contributes to progress and hope and can lead to

monumental change. Together, every move we make counts toward a future filled with hope, support, and groundbreaking advancements.

Disclaimer: seeking professional medical and physical therapy guidance for movements ensures they're beneficial and tailored to individual needs.

In The Spotlight:

Angel Flight NE

The AMDA would like to shine a spotlight on this unique non-profit organization offering patients a lifeline on getting the care that they need.

[Angel Flight Ne](#) is a 501(c)3 nonprofit organization that coordinates **FREE** air and ground transportation for medically stable patients seeking medical care for healthcare conditions including rare and ultra-rare diseases that requires them to travel hundreds, if not thousands, of miles for the specialized care they need.

Check out their brochure below!

Bridging the Gap Between Distance & Medical Care Through Flights of Hope

Since its establishment in 1996, Angel Flight NE has been coordinating **FREE** air transportation for medically stable patients—both children and adults – who must travel for life-saving medical care and treatment outside their geographic area.

We firmly believe that distance should never be an obstacle for patients to access the essential medical care they need and deserve.

Our Mission/Flight Coordination Team collaborates closely with patients, their families, and medical teams to coordinate flights of healing and hope. These flights are made possible through the extraordinary generosity of our 450+ volunteer pilots and commercial aviation partners - JetBlue & Cape Air.

We've coordinated over 108,000 **FREE** flights for patients who have traveled over 15 Million Miles to 750+ medical facilities throughout the United States, c
If you or someone you know needs assistance accessing medical care hundreds or even thousands of miles away, we're here to help for as lng and as often as someone needs our assistance.

Angel Flight NE is here for you!

Volunteer Opportunities

Our Incredible Volunteers are ANGELS!

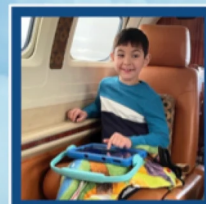

Angel Flight NE Pilots are truly special individuals, bound not only by a love for flying but also by a profound commitment to helping others. They selflessly give their time, share their planes, and, most importantly, open their hearts to serve their community and provide comfort to patients in need.

Our **Ground Crew/ "Earth Angels"** are driven by a deep sense of compassion, generously support our mission by providing compassionate ground transportation to and from airports, hospitals, and medical centers whenever it is needed. Their dedication extends beyond logistics; they also contribute their time and unique talents to various aspects of Angel Flight NE, embodying the spirit of compassion that defines our mission.

Help Us Provide Free Flights

Angel Flight NE fulfills thousands of flight requests each year, establishing a crucial lifeline for patients in need of life-saving medical care that might otherwise be inaccessible to them. Through our free air transportation services, we are not just facilitating journeys; we are delivering healing and hope.

Supporting Angel Flight NE's 501(c)(3) charitable mission comes in various forms. Each donation, whether it's for a single flight or contributes to the thousands of flights we arrange annually, extends the gift of hope to our precious patients. Your support makes a meaningful difference in their lives.
